RAMSADAY COLLEGE

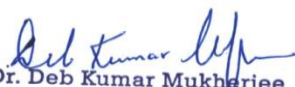

P.O. AMTA • Dist.- HOWRAH • PIN- 711401

(Affiliated to the University of Calcutta & Registered under 2f&12B of UGC Act)

15.06.2025

NOTICE

Since UGC or Department of Science and Technology (DSTABT), Govt. of West Bengal, does not provide research grants to State Aided College Teachers, It was recommended by the present GB to approve some grant to teachers willing to pursue project works on themes that have both academic and societal values. Governing Body in its meeting held on 3rd June 2025, approved a ceiling amount of Rs 25000/- (Rupees Twenty Five Thousand only) for selected projects this year as part of pedagogical process to boost academic activities. However one major condition imposed this time is that, at least one student from the running batch should be included as co-investigator in the project. This will bridge the gap to some extent between textual knowledge imparted and actual findings through experiential and inclusive learning method. State Aided College teachers should submit a short project proposal along with name of the co-investigator(s) and amount of grant required under different heads within 5th July 2025. All books, materials purchased under the project head along with a bound copy of the report/project findings need to be submitted to the central library soon after the completion of project period (one year after approval of grant). The projects submitted will be screened by members of the Research and Development committee for final approval.

Dr. Deb Kumar Mukherjee
Principal
Ramsaday College, Amta, Howrah
